

# WELCOME TO ROTARY

For more than a century, Rotarians have been providing humanitarian service to their communities and around the world. We've committed more than US\$1 billion to global polio eradication efforts, helping to reduce the incidence of polio by more than 99 percent. We've awarded more than \$532 million in scholarships to 40,000 students since 1947. We've been involved in countless service projects to provide clean water, health care, and other essentials to people in need.

And now we're happy to welcome you as a new member of the global community of over 1.2 million Rotarians.

## QUESTIONS TO ASK

Become more active in your club and better informed about Rotary by asking:

- Which club committees could use my skills?
- How do I participate in local service projects?
- How do I suggest a new community service project for my club?
- How can I get involved in activities for youth or young adults?
- Who can serve as my Rotary mentor?
- How can I volunteer for an international service project?
- Could any of my business colleagues come to a club meeting?
- When is the next club assembly?
- When and where is the next district conference?

## MEMBERSHIP FACTS & FIGURES
